Plumber's Apprentice

Plumber's Apprentices performs skilled technical work in the installation, repair, replacement, and maintenance of domestic water systems, sanitary sewer systems, grease waste & oil waste systems, storm sewers, fuel gas pipe, medical gas, compressed air and condensate pipes, under the direction of a Journeyman Plumber

Responsible for assisting Journeymen Plumber on residential, commercial, and industrial projects. Helps install, repair, and maintain pipes used for water distribution, wastewater disposal, fuel gas delivery and various other piping systems.

Previous experience in the construction trade is appreciated. Attention to detail is a must in this trade.

Responsibilities

- Assist in installing and maintaining plumbing systems.
- Coordinate with project manager and journeyman plumber on installation.
- Cut openings in structures in preparation for pipes.
- Install supports and hangers for pipe, fixtures, and equipment.
- Assemble and install valves and fittings.
- Assemble pipe sections, tubing and fittings, using couplings, clamps, screws, bolts, cement, plastic solvent, caulking, or soldering, brazing, and welding equipment.
- Assist in the installation of plumbing equipment, such as sinks, tubs, toilets, water heaters, and trim.
- Measure, cut, thread, and bend pipe to required angle.
- Ensure all installations, repairs and maintenance are properly sized, aligned, supported and grade.
- Always maintain superior levels of job cleanliness and project safety.

Requirements

- Ability to handle plumbing tools and equipment (pipe wrenches, pipe cutters, acetylene torch, etc.).
- Good communication and interpersonal skills.
- Friendly and patient.
- Good physical condition and strength with the ability to work in awkward locations.
- Valid license to practice profession (or ability to gain apprentice license).
- Must be able to lift and carry materials and equipment weighing up to 50 pounds on a frequent basis and up to 100 pounds on an occasional basis.
- Prolonged standing and frequent bending, stooping, and reaching daily.
- Requires a full range of physical motion in order to operate manual and electrically powered tools and plumbing equipment.
